

2/3/2025

Subject: Restrictions of Hazardous Substances in Electrical and Electronic Equipment ("RoHS") and Registration Evaluation Authorization and Restriction of Chemicals ("REACH") requirements.

Attention: Newcut, Customers

Parts produced at Newcut are produced with the Photo-chemical machining process. This process is compliant with the current revision REACH Substance of Very High Concern (SVHC) list (223 SVHCs as of June 2022). And Compliant to Annex XVII. The design of the part is the responsibility of the design organization. The RoHS and REACH compliance of any material, plating or other coating required by the design is the responsibility of the design organization.

Parts produced at Newcut are following RoHS Directive 2011/65/EU on the Restriction of the use of Certain Hazardous Substances in Electrical and Electronic Equipment, including Directive (EU) 2015/863 amending Annex II to Directive 2011/65/EU.

If you have any questions, feel free to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jon Zubb'.
